

2006 Oshkosh Pedal Taylorcraft

2006 Oshkosh Pedal Taylorcraft, This model is a replica of the designer's personal airplane known as the Hobo's Bonanza. Thrill your 3 to 7 year old pilots with this attractive yellow and black pedal plane. It has a rotating propeller driven by an adjustable pedal crank assembly. Basic construction uses one sheet of 3/8" plywood and 3/4" pine, 8" lawnmower wheels and industrial caster for the tail wheel. Steering is done from a joystick that is linked to a tail wheel assembly.

A Plans set with step by step instructions is available. They include full size patterns for all wood, sheetmetal parts, and dimension drawings for the steel fabricated parts. A parts list is also included. Kit order forms are also included for those who would like to have a parts prebuilt and ready for assembly. A hardware and wheels kit is also available to help the builder all the hardware items required to build one Taylorcraft Pedal plane are included.
